TO BRIDGE BUILDERS.
THE LaCrosse & Milwaukee Railroad Co. invite proposals, with plans and specifications, until Wednesday noon, Oct. 15th next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north-westerly direction across the State, from Milwaukee, on Lake Michigan, to La Crosse, on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river, at this point, runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 90 feet above the water, at which point they are at the grade of the line of the road, and about 300 feet apart. *The water is about 20 feet deep, having,* in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two pine about 50 feet from either bank, at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet, and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the higher section of the bridge. The Company *reserve the* right to award the contract to any parties, on any plan furnished; but in case of their giving the contract to any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted.

PERFECT PROTECTION FROM THE ELEMENTS.
WEST'S
Patent Galvanic Cement for Roofing.
THE ATTENTION of Architects, Builders, and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes. In fact, we think it superior to any other Roofing, for it has more essential qualities combined required for roofing, than any other material used, viz: Imperviousness to water, incombustibility, durability and cheapness. It is Fire and Water proof, and can be applied to flat or steep roofs. In its texture and appearance it resembles slate—will not soften and run in the warmest *weather, nor become hard and crack in the coldest.*—Therefore it forms a good walk on piazza's, flat roofs, car tops, steamboat decks, &c. Its fire proof qualities particularly adapts it to Railroad buildings, engine shops, &c. It is especially adapted to repairing old roofs, seaming around battlements, sky-lights and chimneys, and for lining eave troughs, &c.
This roofing is being extensively used in the Eastern States on the most expensive buildings. Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office.

GRAND REPUBLICAN RALLY!
MASS STATE CONVENTION!
AT MILWAUKEE,
On the 2d of October, 1856.

The friends of FREEDOM, throughout Wisconsin—all who believe that the time is come for uprising of the PEOPLE to put out from power and high political position the Administration which has so shamefully abused the one and disgraced the other and to replace it with better men—all who stand by the doctrines of the Republican Party—all who love FREEDOM and hate SLAVERY—are invited to attend the

MASS CONVENTION

To be held at Milwaukee on the 2d of October next

Hon. Joshua R. Giddings, and Col. Cassius M. Clay

Will certainly be present and other speakers will be announced as soon as they can be heard from

The Railroad Companies will carry at half fare

Friends of Fremont & Dayton!

Turn out in your strength on that day! Come with your stout hearts and voices to swell the chorus of FREEDOM Come with your music and banners! Come and let us take counsel together for a noble cause!

YOUNG MEN'S FREMONT CLUB

MEETING TO-NIGHT
TO ORGANIZE!

The Young Men of Milwaukee meet at the Camp House to-night to organize their Club—The spirit with which they have entered into the work may be gathered from the fact that *in a single day* the signatures to the Constitution numbered over ELEVEN HUNDRED Considering the fact that the whole Republican vote of the whole *county*, has heretofore been only about 1600 or 1700 we think this does reasonably well On the list *are 200 names of men who voted for Pierce in 1852* The people are awake for Freedom

P S LATEST AND BETTER [illegible] GOOD WORK GOES BRAVELY ON —We learn that up to last night the names of TWENTY SEVEN HUNDRED Voters are signed to the Constitution of the Club Among them are the names of [illegible] Germans There are 155 names of Englishmen and 47 of Scotchmen Also 400 names of men who said they voted for Pierce last fall, besides the Germans above mentioned And the canvass is not all canvassed yet

GREAT REPUBLICAN MEETING
AT HORICON!

From 5000 to 8000 People present

We learn that the Dodge County Mass Meeting held at Horicon on Wednesday, was a decided success The PEOPLE WERE THERE BY thousands and thousands From an early hour, the delegations from the different towns kept pouring in, and with bands of music, banners flying cannons roaring, and the shouting of the people, Horicon was alive From the towns of Beaver Dam and Fox Lake, there came a procession of over 100 teams, ABOUT THREE MILES LONG! One of the turnouts from Beaver Dam was a wagon drawn by 20 yoke of oxen, carrying over 100 men

Hustisford sent a delegation of wagons half a mile long. Mayville and other towns did nearly as well. Hartford sent up four heaping car loads by rail, and Waupun sent three car loads.—There were four of those turnouts, so popular on these occasions, each carrying 32 young ladies, representing the different States The buildings in Horicon were gay with banners, 2 United States flags of full size flying during the day

Hon STODDARD JUDD was President of the day Gen. BLAKE of Fox Lake, with two Assistants, marshalled the procession Eloquent and convincing speeches were delivered by Hon TIMOTHY O HOWE, Hon DAVID NOGGLE, and Hon CHARLES BILLINGHURST The latter was one of the tried and true Republican members of Congress was greeted with tremendous cheers

Old Dodge will do her duty in November

THE MAINE ELECTION —The Beaver Dam *Republican*, which enjoys the reputation of circulating more palpable fal-ehoods than any other democratic paper we know of surpasses itself, in informing its readers in regard to the Maine Election, that "the Democrats have gained four members in the House, and lost but one in the Senate!" The statement by telegraph out of which it manufactures this statement, is that of the Whole House, the *Republicans* have *four* fifths and all the Senate *but one*

Greensborough Bank, Maryland.

An article from the Denton (Md) *Journal*, which has been sent to us, warns the public against a banking institution of the above name If the facts alleged in the article *are* facts, the concern is an unmitigated Wild Cat, and the people will save themselves trouble by rejecting any bills which may be offered them from its counter

MORE OF THE TESTIMONY —We publish to day nearly another column of the testimony taken before the Investigating Committee We have printed the Report and Evidence together, on a half-sheet Extra, for the convenience of such as wish to preserve it in a readable form, and copies may be obtained at our Counting Room

Appeal "to the Foreign Born Voters of Wisconsin."

The opening of the eyes of many of our foreign-born voters to the spirit and tendencies of the so called "democratic party," and the consequent determination of those voters to exercise their right of suffrage in a different direction, alarms the old stagers dreadfully, and Dr HUEBSCHMAN, U S Indian Agent G M FITZGERALD, County Treasurer, Ald HAVERTY, A BAIR, County Clerk, and others, have signed a "cry of alarm," mostly made up of articles from the *News*, and sent it out as a circular, entitled as above

These patriotic gentlemen use their boldest assertions to prove that they "abhor Slavery," while they and such as they, are supporting with might and main, a Slavery Platform and Candidate, said platform and candidate being pronounced orthodox on the Slavery question by all the Southern fire eaters, disunionists &c, from Brooks down

These disinterested gentlemen, also, wield over the heads of the foreigners the club of Know Nothingism, as if it were not notorious that, in the Slave States the K N's are hard at work for Buchanan, to save Slavery and as if they did not know of, and are not engaged in the billing and cooing between the K N and Buchanan leaders in the North The plot which is being contrived by the Democratic and K N leaders each to be ready to sell out to the one which shall be likely to get the most electoral votes is being developed daily For proof of this, we point to an article from the *New York Courier*, a Fillmore, Irish paper which we publish elsewhere

We tell these patriotic gentlemen and all plotters, of whatever kind, that they cannot deceive the People Honeyed words will not coax—big bears will not scare —and the party lash will not drive voters of whatever country into the support of the Slavery Extension Platform —These old hacknied politicians who feel disposed to try it may as well bare their backs to the indignant blows of the people, which will fall thick and fast and heavy in November

The late news from Kansas.

If we are to believe the latest advices from Kansas, the Administration will speedily recall Governor GEARY, for his reported conduct is not according to the programme prepared for him He is said actually to have continued to stop the progress of the murderers and robbers from Missouri Georgia, South Carolina, &c who have thus far had the aid and comfort of President Pierce and his supporters And Gov Geary is said too to have promised protection to the peaceable Free State settlers Such a violation of strict instructions will never do Atchison and Stringfellow and the rest of the Border Ruffians have doubtless before this time sent forward their indignant protest against the conduct of the new Governor and their demand for his removal Will the demand be complied with — Of course it will And why The following which we take from the New York *Courier and Enquirer* tells why

The Administration is fully committed by its published orders of the 3d of September and previous, and those orders are to treat the citizens of the Territory as in open rebellion and insurrection against the Government, and to call upon the armed mob from Missouri and Arkansas miscalled the Kansas militia to crush them out All this follows from the wicked resolution to support and enforce the pretended laws decreed by the pretended legislature There is, in one view of this case, a beautiful consistency What could be more appropriate than that the bloodhounds whose horrid jaws are at this moment dripping with blood from the massacres of Ossawotomie and Leavenworth, should be chosen to execute the edicts of that abandoned crew whom these same laws elected as law makers, eighteen months ago The rioters of March 30, 1855 were the constituents of such a legislature, and that legislature were faithful representatives of such constituents They act and react upon one another In adopting the demoniac code, the Federal Administration adopted the mob, adopted its agents the "Legislature," and adopted the work of both " those laws for which people are to be hanged and shot for disobeying

Jackson Hadley.

From Headquarters of the district we receive the most encouraging accounts of the warm and hearty manner in which the name of our candidate for Congress has been received Even those papers the most bitter in opposition to Fremont's, concede to Mr Hadley, "honesty, integrity and ability They, the opposition, confess his fitness for the office— a confession which, coming from them, is high proof of his worth —*Racine Dem*

We should really like to know where the *Democrat* obtains its information It certainly cannot take the papers! We defy the production of a single article from a Republican paper which concedes to Mr Hadley honesty, integrity and ability or confess his fitness for the office Indeed not only can no such an article be produced but we doubt whether the *Democrat* can find three *democratic* papers, in the district which were strenuously urging Mr Hadley's election on any such grounds as it is, but are the papers which know him well, see him *rather* disparagingly of him

Now it is quite different with the Republican press in relation to Mr POTTER, *our* candidate for Congress For him, we all with one voice claim "honesty, integrity ability, and fitness for the office We say this presumptuously, he is just the man to take his seat in Congress at Washington with other men representing freemen And we say too that considering the position of the two men, one the exponent and opponent of the Star Plunderers, and the other as their lead apologist and stanch defender at all times the former, Mr POTTER is entitled to the confidence of the People for Congress while the latter Mr HADLEY is not That is all, for the present

Irishmen Driven out from South Carolina.

Over a column of a late number of the Charleston (South Carolina) *Gazette* is occupied with the proceedings of a meeting of "Democratic citizens of that place on the 18th inst At this meeting, it appears, a committee was appointed to investigate certain charges brought against two men Irishmen by birth dealers in window shades, named James Caldwell and John Malone This committee at a subsequent meeting reported several serious accusations against the men First that they were foreigners secondly, that they were opposed to slavery, thirdly that they had been seen conversing with slaves under suspicious circumstances. Among other charges, they declared Malone to be a "thorough going Black Republican—a free soil free speech Fremont *Democrat* This was the sum of their offences but it was enough. The meeting, on the recommendation of the committee, resolved to send them "out of the Southern country and to publish a minute description of their persons They were accordingly taken to Wilmington, N C to be shipped like criminals to a Northern port

Editorial Correspondence of the Sentinel.

MADISON, Thursday, Sept 18

The Legislature works slowly, and yet all the members desire and doubtless feel great anxiety to get through with their appointed work and go home There was progress, however in the Senate this morning After passing a few local bills, the apportionment bill came up for consideration, and occupied the rest of the day It was finally ordered to a third reading, amended in only few particulars from the printed bill, and will doubtless pass the Senate in this shape to morrow Under its provisions Milwaukee will have two Senators and nine Representatives The 1st 2d, 6th, and 7th wards with Milwaukee and Granville towns, constitute one Senate District and the rest of the County the other The Assembly Districts are thus arranged

1st—First and Seventh Wards*
2d—Second Ward
3d—Third Ward
4th—Fourth Ward
5th—Fifth Ward
6th—Sixth Ward
7th—Milwaukee and Granville
8th—Wauwatosa and Greenfield
9th—Lake, Oak Creek and Franklin

In the House, the resolution, authorizing Messrs A T Gray and Geo B Smith, Ex State Commissioners, to appear before the Investigating Committee to make a defense against the statements set forth in the Report was reconsidered this morning and final action deferred until to morrow Little else of interest, or importance transpired, both Houses adjourning shortly after 12 o'clock, having been in session two hours apiece

The Land Grant bill is nearly ready to be reported The Committee meet this afternoon to settle its shape The main feature all seem agreed upon—the questions of difference are the starting points and the selection of Corporations I still cling to the belief that Columbus will be one of the starting points fixed in the bill, since it becomes more and more clear, every day that the general interests of the State will be best promoted by such an arrangement Madison indeed, is pressing hard for the exclusive starting point, but the claim is unreasonable and cannot I think obtain the sanction of the Legislature

The Report of the Investigation Committee makes a great impression throughout the State It verifies all and more than the Democrats as well as Republicans all and more than all that was so earnestly charged by the Republican papers last year and so impudently denied by the Barstow organs

We had a touch of the equinoctial last night —a violent blow from the west, accompanied with heavy thunder and pouring rain The rain continued to fall, slowly during the night, but this morning broke clear and cool, with a decided frosty touch in the atmosphere It ends, I think our late summer weather The trees and grass revive wonderfully under these showers, and the fall pastures and late potatoes are looking up R K

*(What justice is there in giving the 1st and 7th wards but one member of Assembly)

I Will and I Won't.

Messrs J P ATWOOD and SIMEON MILLS of Madison for the purpose of getting at the exact position of Mr WASHBURN, the Republican, and Mr CRAWFORD, the democratic candidate for Congress in the western district of this state, addressed to each, the following question

"Should you as a member of Congress, if the question should be presented, for the admission of Kansas into the Union as a State with a constitution allowing negro slavery, but in other respects unobjectionable, vote for the admission of the same?"

Mr CRAWFORD says, with a great deal of palaver that he *would* vote for the admission of Kansas as a Slave State

Mr Washburn's letter is so short and to the point that we give it entire

MADISON Sept 10, 1856

GENTLEMEN —Your letter of to day is this moment placed in my hands

You inquire "if the question should be presented before Congress—of which I am a member —for the admission of Kansas as a state, with a constitution allowing negro slavery, but in other respects unobjectionable, if I would vote for the admission of the same?

In answer I have to say that I would NOT I had supposed that my position on this subject was pretty well understood, but as it seems otherwise, I take pleasure in answering your interrogatory When I was a candidate two years ago, I took occasion to say in every public speech I made, that I would not vote for the admission of *any* more slave States

I have seen no occasion to change the opinions I then entertained and expressed

Very truly your obedient servant
C C WASHBURN

To Messrs SIMEON MILLS and J P ATWOOD

A STRONG STRAW —Twenty four of the survivors of the war of 1812—pensioners—visited M Durham Esq of Attica, Pension Agent on business when a gentleman who happened to be present at the time enquired their predilections for the Presidency. The vote stood thus Fremont, 21 Buchanan, 3, Fillmore, 0

It seems that those who have fought and bled for their country, are still on the side of their country Go it for the noble patriots

The Democracy of Milwaukee assembled in the Market Square last evening, to the number of five or six thousand, to hear, &c —*News*, of yesterday

Pshaw there were not over 500 together at any one time and the hearty cheers for Fremont at the close of Mr Dawson's speech showed that lots of Fremonters were there

Mr C Leary was post master at Sterlingville Jefferson County, New York But he was removed a few days since because he denounced the murder of Keating! It is an unpardonable offence to denounce Democratic murderers in Washington or Border Ruffian murders in Kansas!

SHUT THEY COME —The Prescott (Pierce Co.) *Transcript* comes to us much enlarged, and with the names of Fremont & Dayton floating at its mast head It has hitherto been neutral in politics

THE FEELING IN WESTERN WISCONSIN —FREMONT is immensely strong in the Mississippi River counties A Buchanan meeting was called at Viroqua, on the 10th inst After Wm. H Tucker, of La Crosse, had made one of his best speeches in behalf of Buchanan, the following proceedings occurred

There was from two hundred and fifty to three hundred persons present, and when he got through, Buchanan's friends called for three cheers, and about five or six persons in the crowd responded to the call, after which about nine tenths of the audience joined in giving three thundering cheers for Fremont three for Jessie, and three for Burlingame, "three hisses for Bulley Brooks, and three hisses for Atchison and Stringfellow, (and such a hissing as never was heard before north of the Wisconsin River,) and then the assembly quietly retired

Fremont is likely to have a noble Majority in the Western counties

FATAL ACCIDENT —A man named Dennis O Brien, employed on the repairs of the M & M R R, was killed by being run over by a freight train on Monday evening last. It appears that every evening after the Eastern passenger train passed here, one or two of the hands employed on the section between our depot and the Watertown junction, followed in a hand car for the purpose of extinguishing any fire that might originate from sparks, as the company has large quantities of wood on both sides of the road The passenger car is usually the last that passes, but on Monday night one of the freight trains was behind time and run into the hand car between here and the junction—two men were on the car at the time, Mr Gallagher and Mr O Brien. Mr G jumped an instant before the accident, but Mr O'Brien was horribly mangled, having both legs cut off and his bowels ripped open — *Waukesha Dem*

A RULE THAT WON'T WORK BOTH WAYS — Mr Breckinridge, the Buchanan candidate for Vice President, is stumping through the Free States for himself and old Buck, and everywhere meets as he should, the kindest receptions — He is to be in Philadelphia on the 17th But what sort of a reception would Mr. Dayton the Republican candidate for the same office meet, if he were to venture into Kentucky or Virginia to address the people of those States in favor of himself and Fremont —*New York Times.*

TESTIMONY TAKEN BY THE INVESTIGATING COMMITTEE.

Mathias Martin Sworn —I have been employed as watchman in the "Treasurer's Office for four years and three months, which included all the time that Mr Janssen was Treasurer Daniel M Seaver was the Deputy Treasurer during that time I stayed in the Treasurer's Office every night, had nothing to do with the office in the day time During the time I was there Mr Seaver came into the office about 11 o'clock one night, opened the vault and remained there about ten minutes I do not know what he was doing I was too far from the vault to hear any noise in it Liquor was kept in the vault, sometimes This was during Janssen's first term — Seaver came into the office another time during Janssen's second term, about eleven o clock at night, and opened the vault He remained there about fifteen minutes I don't know what he was doing there Sometime during the third year of Janssen's term, I went into the office one evening between five and six o clock, and Mr Seaver was sleeping in a chair intoxicated The vault was open Another person a stranger to me, was present, who said he was a school mate of Seaver's he was sober and was reading a newspaper Seaver afterwards told me that this stranger was from New York I have frequently seen Seaver in the day time, during Janssen's term, lying on the sofa intoxicated At the time I found Seaver there with the stranger, I called Dr. Hunt from the Secretary's office, who came in and locked the vault, and took the key I requested Seaver at one time, when he was going to attend the sale of "School Lands in Clark County, last fall, to purchase a quarter section of land for me He did so but never gave me the certificate I don't know what he did with it — The land now stands in the sales books to me, and the interest is paid, but I did not pay it I tendered the money for the certificate, but I could not get it Seaver told me that Dr Hunt, the Assistant Secretary of State, had got the land Seaver told the boys that he had got land for all of us, when he came back from the sale in the spring, but we did not get the land

Charles Huggins Sworn —I was clerk in the School Land Office from July, 1855 to sometime in February last While I was in the office, the practice was for the Commissioners to sign the certificates for school lands in blank The Treasurer, Secretary of State and Attorney General signed three or four hundred at a time and they were filled up in the land office as occasion required The certificates of acknowledgment were also filled out and signed by the clerk, who was a notary without either of the commissioners being present This was the general practice The blank certificates signed by the Commissioners laid in piles in the office, and any one could take them and fill them out if that chose to do so I have known lands to be entered on the sales books in the office in pencil as though they were sold, when I knew they were not sold If persons came to purchase these lands, they did not get them I have known lands to be marked "sold" by persons in the office, to accommodate some friend or friends and those lands were considered sold until these friends had an opportunity to go and examine the lands I have known considerable of this to be done In answer to the question of the committee, have I known Mr Byrne and Mr Burke clerks in the office to mark lands "sold," for the benefit of friends, when the lands were unsold —I answer, I have known them to do it

I cannot tell what the object was of entering opposite sections 21 and 22, town 25, range 18 in pencil "*To be kept for Wm A Barstow*" nor do I know whose hand writing it is

Gen Wm I Smith Sworn —I was present some time last winter, in Mr Dauphin's office when a desk, said to be one which was used by Walter H Besley was opened, and some papers taken out The papers were examined by myself, Mr Tyler and others, and those which were considered private was placed back in the desk, and those which were considered as belonging to the school land office, or appertaining to transactions of the office, were retained by the commissioners Among the letters was a letter written by some person in New York whose name I do not now recollect in the fall of 1855, I think to Mr Besley The letter was in relation to school land certificates, and the general purport of the letter, as near as I recollect, was that there was some organized club or company for the purpose of entering school lands, or purchasing certificates, in order to sell the same again in New York or elsewhere, and that the writer was an operator for a company or club and that a certain person, under a disguised name in the letter, was in New York, and that another person, under a disguised name was either in Madison or was expected to come from Madison to New York An indication was also given that the certificates should be sent on, *as it was a good time to operate* That letter I considered to be a paper of public interest, and I laid it aside among other papers, separated from strictly private papers of Mr Besley, for the purpose of having the same deposited in the school land office The private papers of Mr Besley were then thrown back into the desk and those which were considered of public interest were delivered over to Mr Powers, chief clerk in the school land office, for safe keeping From that time these papers were delivered over to Mr Powers I have no knowledge of what became of them

Good to Charles Kuehn to be receipted on account of salary and appropriation seven hundred and twelve and 00/100 dollars

Carl Hubbell testifies to the general fraudulent administration of affairs in the Treasury Department when he was employed as clerk He says "I have seen large numbers of the Fullington certificates delivered at different times but I do not remember of ever having seen any money paid into the Treasury on them I should probably have seen the money paid if it had been An account was kept with the Bank of the West and these certificates were generally delivered over to the cashier of the Bank of the West I suppose the Bank kept an account of these and gave the Treasurer credit for them Mr Seaver kept the count with individuals, on slips of paper which were put into the drawer He would let money go to different persons and make no other account of it than to put it on those slips *The Governor*, (Barstow), *Secretary of State*, (A T Gray), *Attorney General* (L B Smith), *and Clerks in the office were in the habit of getting money on these slips* * * * "The writing in the margin of the Sales Book opposite Sections 21 and 22, Town 25, Range 18, in the county of St Croix in the words 'To be kept for Wm A Barstow," is in my opinion, the hand writing of Daniel M Seaver"

John A Byrne, one of the clerks in the School Land Department, appointed by Governor Barstow, testifies —"I refuse to answer the question whether or not I was directly or indirectly interested in the entry of lands in Howell's name It was customary, while I was in the office, to deliver certificates of School Lands to *certain parties on their promise* to settle with the Treasurer for them We had no means of knowing whether they were paid for, unless we examined the books of the Treasurer or Secretary of State I do not remember that we ever examined those books for the purpose of ascertaining if payment had been made. The clerks employed in the several departments of the State usually kept a deposit with the Treasurer to meet any amount which might be due for certificates taken by them They usually took their certificates and said they would settle with the Treasurer for them I do not know whether they did or not

* * * * *

The School Land Commissioners never made any thorough examination into the affairs of the office while I was there They never gave us any general rules There was no thorough system about the office

Daniel Howell swears that he never authorized any person to use his name in entering School Land that he has no interest in any such lands outside of Jefferson Co Mr Frary, formerly a clerk in the School Land Department, and one of Barstow's appointees, brought him a large number of certificates in his name, which he is signed over at Frary's request He thinks that he assigned from two to three hundred of these certificates Did not know where Frary obtained them, and had himself, no interest in them

DOWN ON THE FOREIGNERS —The Petersburg (Virginia) Intelligencer, a Know Nothing paper has the following

Nine-tenths of the hordes of foreigners who annually come to our country, seek the Free States as a place of residence, and immediately swell the ranks of our enemies. This species of emigrants, as everybody knows, have mainly contributed to the power which the abolitionists now wield, and a delay in the settlement of the question—shall the Union stand or not? shall the South be enslaved or not?—will strengthen them and weaken us.

Astounding Political Disclosures.

Another bargain and Sale for the Benefit of Mr Buchanan

From the New York American Cel

New York State Politics—Alleged collusion between the Democrats and Mr. Erastus Brooks

A politically well informed friend, residing in one of the northern counties of this State, writes us the following curious statement

Many of our Catholic friends, who are democrats from principle, are apprehensive that there is a disposition now being manifested between certain leaders of the Democratic and Know Nothing parties to this effect, viz The Know Nothings to cast their votes for the Buchanan electoral ticket and thus secure the State electoral vote for Mr Buchanan while the Democrats are, as far as practicable, to transfer their votes to the Know Nothing State ticket, with Erastus Brooks for their next Governor

We give this statement publicity for two reasons 1st justice to those Democrats—the vast majority of the party—who we are certain will have no hand, act, nor part in a bargain with Brooks 2d To excite the vigilance of such adopted citizens as the influence of the party in order that such a conspiracy, if attempted may be speedily defeated

Our friends at a distance, particularly in the new States who cannot fully comprehend our points of neutrality up to a certain point in this Presidential contest, will be surprised to learn that a very strong section of the New York democratic party have long been avowed Know Nothings on social and religious grounds In a pamphlet lately published entitled "The Softs the True Democracy" the following account of national leaders of this State who are also Know Nothings is substantially given

Among the first individuals to join the Know Nothings in the State of New York was Minor C Story, the notorious and intimate conspirator, whose name is being mentioned as having largely contributed to the treachery and deception of the 11th Sept, 1855 This gentleman was a noisy supporter of Hon George Law at the Philadelphia Convention

Hon P Barber of Chenango, the first Chairman of the indignant then seceding, is also holding a prominent office in a Know Nothing Lodge

Besides these two gentlemen, the following, and perhaps more—at least twenty two out of the twenty nine who seceded from Syracuse in 1855—have taken degrees in the Know Nothing Order

Paul D Campbell Schenectady, Vice President; Col L H S [illegible] Cattaraugus A J Tomlin of the Otsego County Examiner, know nothing and editor of the American Union know nothing in Cattaraugus Philip M Bromley, of Monroe Secretary John S Nafew, Albany member of the order of United Americans, Stephen Clarke, contesting claimant, Albany elected State Treasurer on the know nothing ticket of 1854, Wm Ligaton, Albany contesting delegate, now supported as a candidate of the first section of the Fire Company, appointed by the Fillmore Canal Board, Benj F Chamberlain, Cattaraugus Addison D Adams, Chenango John Wheeler, New York know nothing candidate for Congress in 1854 John S Fiero Dutchess F Henry Bartlett Monroe John Murdock, Monroe, Jerome B Ryerson, Niagara J W Graves, Orleans, J R Pitt, Ontario, Tobias Bonck, Schoharie A D Wait, Washington D Barnett, do Samuel Stover, Rensselaer delegate to 1856 to the know nothing national convention at Philadelphia, which nominated Fillmore and Donelson, and supporter of the same

This appalling statement has been repeatedly published in the New York State papers It abundantly proves what was the character of the men who created the hard schism

The hard delegation to Cincinnati presents an equally black list of the avowed members and champions of the order Sam S Browne, of the nineteenth district, is one of these His alternate, L J Burditt, is the editor of the Examiner, the know nothing paper of Otsego E Drew Smith of the 20th district, is another, who was last fall candidate of the American party for Supreme Court judge and elected as such J P Crosby, Joseph Sibley and J C Patterson, delegates and alternates from the know nothings also. E D Smith, of the 31st district, and his alternate, Wm G Sands, are of the same order A S Benton the alternate of the 17th district is the know nothing State Auditor—the highest place in the gift of the American State officers S S Wendell, alternate from the Albany district is one of the same stamp John S Nafew, the other alternate from that district, a member of the order of the United Americans, the parent society of the know nothings H Colden of the 1st district, and his alternate, H N Bowes, are both members of the order, G P Pelton, alternate from the 12th district, was delegate from Poughkeepsie on the 18th Sept, 1855, to the know nothing convention of the 2nd Judicial district, and on the 24th of October of the same year, a delegate to the know nothing county convention at Peck Hall He was that fall a delegate to the know nothing conventions and two hardshell conventions Charles Gray of the 17th district is a member of the order Orville Clark of the 15th district was the know nothing candidate for Congress in 1854 W Williams of the 32d district is also a member as indeed have been, or now are, many other delegates claiming admission to the convention

The following Democratic papers also lean Know Nothing, in this State

The Herald, Saratoga, long gone over to the K N organization the Democrat, Kingston, do the Republican Albion, the Republican Fulton, do Times, Orleans do Spirit of the Times, Batavia do Daily National Democrat, New York, discontinued, the editor, C C Burr now state Know Nothing paper in Jefferson county, the daily issue changed to the News lately Daily Advertiser, Rochester, owned by Know Nothings, and supporting both the hard and know Nothing cliques

This is the indictment of the softs against the hards, but in this very view of course these and the soft Know Nothings expect to humbug adopted citizens as of old We believe, as we said that the vast majority of the democratic party of the State will make no alliance with the Brooks' Know Nothings, although the late fraternization of several of our Fillmore and Buchanan organs look suspiciously like it It is not, in any event, too soon to sound the alarm

Late from California.

Among the important items by the last California steamer, are the acquittal and release of Judge Terry by the Vigilance Committee

The *Alta* of Aug 8th says

It was announced early yesterday morning, by posters up on the bulletin boards, that Judge Terry had been released from the custody of the Vigilance Committee Upon enquiry we found the report true, and that the final vote upon his case by the Board of Delegates was had at 1 o clock yesterday morning, in which the former verdict of the Executive was confirmed, and, accordingly, the action of the Board was read to the prisoner, and at 2 o clock he was released and went to his home, or where his family are staying, on Dupont street Before daybreak, by the advice of friends, who regarded it as unsafe for him to stay in the city, he went on board the John Adams for protection, where he remained until the departure of the Sacramento boats, and when the Helen Hensley had put out from the wharf, a small boat conveyed Terry from the sloop of war to the Hensley, on which he took passage for the capitol

The Vigilance Committee turned out for a public parade on the 18th ult, there being 5,137 men under arms, fully equipped, horse, foot and artillery The *Alta* says of the parade

The "reaction" men, the men who prophesied when the Executive Committee discharged Judge Terry from custody, that with that act ended the influence and power of the Vigilance Committee, must themselves have experienced a "reaction" yesterday, and been very much disgusted at the nonfulfillment of their prophesies Such a demonstration as was made yesterday has never been seen before in San Francisco, and we much doubt whether in any city of the United States so large a procession ever marched the streets It was a proud sight to look upon a proud thought that, although every man of these thousands there was armed with a musket and a bayonet, and stood in the technical relation of an "insurrectionist," no excesses had been committed, no outrages performed, no deeds of violence and blood, such as would have attended the efforts of an unorganized mob The character and appearance of the men who marched yesterday in the ranks were sufficient answer to all which has been said against them They are not, as has been invidiously insinuated by the "law and order" journals made up entirely of "merchants" or "speculators," though these, as well as others, were joined with them The mass were of the "bone and sinew" whom political orators love to flatter the "hard handed" mechanics, and laboring men of San Francisco They made up an army as large and invincible as that which Gen Scott led through the valley of Mexico, and through whose prowess and daring bravery the American flag was planted, and made to wave in its starry beauty over the blood-stained heights of Chepultepec

Concerning political matters in California, one of the leading papers has the following

Every one possessed of the slightest political sagacity can see from these crumbling elements, that the only united, growing, healthy sentiment now at work in this State, is in the Republican ranks. This party is a unit, and by its hearty relish for its principles, and the zeal and freshness that characterizes its efforts—the lost and staying, the disaffected as well as the disgusted of the two exploding parties are attracted by the strong ground occupied by the Republicans

Every day and hour the Republican ranks are swelling from the old line of the Democracy, and the Anti Secession Know Nothings The Gwinites, with the Fillmore secessionists, will be the residuum of the opposing parties, and will unite against Republicanism, and take sides against California in their interests

The sentiment of the interior which finds its way to us in our correspondence, has no public voice sufficient to give it expression On the receipt of the Republican nominations we had but one press in the State to carry our banner, and at this moment we have but six or seven, which, by the end of the month may be doubled. With all these disadvantages the Republican sentiment has risen to be sure and become warmer and more decided in its tone than that of any other party in the State, for to say that there is any enthusiasm in the Buck or Fillmore parties would probably cause the first smile that has yet appeared on the faces of the leading adherents of either

BATTLE OF OSSAWATTOMIE —We have at length through a private source, a reliable account of the battle of Ossawattomie It appears that in that attack though the Free State force amounted to but thirty two men, they made a gallant and prolonged resistance against the party of two hundred and fifty, by whom they were assailed and they did not retire from the ground until they were compelled to do so for want of ammunition, and when they went, they left thirty of the enemy dead upon the field This gallantry, more than any other one thing disabused the Ruffians of the belief that the Yankees would not fight, and it inspired them with such respect of Yankee skill in the use of arms, that since that time they have kept at a respectful distance from their guns

The Pro Slavery loss has been studiously concealed, for fear of its effect upon the expected recruits to the Ruffians —*Chicago Tribune*

Republican Convention.

As our readers are already aware, the Republican Congressional Convention on Thursday last unanimously nominated Hon John F Potter of Walworth county, as the Republican candidate for Congress in the 1st district

Judge Potter seemed to be the choice of the convention, as he was nominated on the first ballot He is a ready debater, of great decision of character and of sterling integrity As Secretary of the Investigation Committee he has given strong evidence of his working ability We therefore endorse with pleasure his nomination knowing that if elected he will prove true to the North and the Union and like Burlingame will not flinch in word, or in action in the time of trouble And as we are satisfied that Mr Potter will do justice to the whole district in case of his election we for one will do all in our power to forward that election —*Racine Advocate*

Chills and Fever.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case effect a certain and permanent cure of this dreaded disease It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions He is assured by the evidence of hundreds of cures which they have effected that this medicine is in reality the remedy so long called for in the Western country This valuable medicine is prepared in the form of a pill, from the bark of a shrub which has proved to be a perfect antidote to Malaria They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system having no other than a specific effect upon the disease which is truly wonderful Some persons have stated that these pills must contain arsenic or some powerful mineral owing to the quick effect in curing the disease The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug store of HENRY FESS JR, No 195 East Water street

N B One great recommendation for these pills is that they only require about five to effect a cure Enquire for THAYER'S OMEGA PILL, for the above fatal cure of chills and fever or intermittent fevers of every description Prepared and sold wholesale and retail by FRED W THAYER, 637 Washington street, Boston

Dalley's Medical Pain Extractor.

THERE never has been a discovery made in the Materia Medica whereby pain can be so quickly allayed and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so rapidly and thoroughly healed, and decayed parts restored without scar or defect, than with DALLEY'S MAGICAL PAIN EXTRACTOR

In cuts, wounds, sprains and bruises—casualties to which children are so constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR, is ever the same! How much pain and suffering may not thus be prevented! Moreover life itself is often dependent upon having on hand the genuine DALLEY EXTRACTOR, and for particulars of which I respectfully refer to my printed pamphlets for the truth of which I hold myself responsible

No cases of burns or scalds, no matter how severe, has ever yet in any one instance, resisted the all powerful, pain subduing and healing qualities of the DALLEY'S PAIN EXTRACTOR.

NO PAIN EXTRACTOR is genuine unless the box has upon it a Steel Plate Engraved Label with the signature of C V CLICKENER & CO, proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box

All should be addressed to C V Clickener & Co, 76 Barclay and 222 Greenwich street, New York

CIRCUIT COURT, SEPT. 17.

JUDGE RANDALL PRESIDING.

STEPHEN B. DAVIS vs The City of Milwaukee — James S Brown for ... — D A J Upham (City Attorney) for Plaintiff.

This was an action brought against the city to recover damages sustained by the Plaintiff, who is the proprietor of Davis Livery Stable in this city. The case was substantially this — In July 1855, the plaintiff let one of his livery carriages, accompanied by one of his own drivers to a party of young men. The carriage, as appeared from the evidence, was driven to a house of ill fame, a short distance from the thickly populated portions of the city. On returning, from the house, the carriage was driven into a hole several feet deep, which existed in the middle of Vliet street. It was raining heavily at the time — The street was smooth to the edge of the hole, and nothing indicative of the danger was in sight.

The carriage was smashed to pieces, one of the horses badly injured so as to be useless the balance of the season, the coachman was hurt also, and one of the young men inside the carriage had his arm broken. The carriage wasn't taken out until the next day, it being found impossible to get it out in the dark. Next morning it was found nearly full of water and the interior of the carriage was spoiled.

The claim of Mr Davis was presented to the Common Council for $350. There it was referred to the Judiciary Committee, who after investigating the matter, reported in favor of allowing the claim, and paying Mr Davis the $300. One of the Aldermen, and the then City Attorney opposed the payment on the ground that a majority of the Council were in favor of paying it, as the claim the Aldermen who opposed the payment was, as we understand, the owner of the house of ill fame from which the carriage was returning.

Failing to obtain his damages from the Common Council, Mr Davis resorted to the Circuit Court where a jury, after retiring and deliberating upon their verdict found the defendant, (the city, ...) guilty, and assessed the damages in favor of the plaintiff, at $400.

The following is a part of Judge Randall's charge to the Jury in relation to the liability of the city for damages sustained, &c.

"A political or municipal corporation is not exempt from any of the responsibilities of a private corporation or individual, except while engaged strictly in exercising the powers of sovereignty.

An action will lie by an individual who suffers any particular damage, sustained by the negligence or omission or neglect ... municipal corporation.

"It is no excuse to say that it was not the duty of certain officers to do what the city authorities have authorized to be done, or should have been required to be done and what the public good requires. The city is responsible for the neglect of the public duties of its officers when, by that neglect, a special damage is sustained. The corporation is responsible to see that all its public streets dedicated to the public, and when ... by the public, the work and grading of those streets have been taken under the direction and control of the proper city authorities — no matter how, when the location has been accepted by the city — are so worked, and so graded, as the duties ... performed, as to occasion no loss, injury or damage to individuals by reason of the negligence or omission of duty or unskillfulness.

"The city is responsible and liable in damages to any individual who suffers any special damage caused by the streets having been left in an impassable condition where in consequence ordinary prudence and skill could not foresee and avoid the injury which occasioned the damage. And, where pitfalls ... in the city are left in an impassable or dangerous condition to the travelling public, and no ... taken to warn the public of the danger ... means are used to protect the travelling public ... running upon the danger, unless the person ... the injury, has notice of the danger, and suffers in consequence of his own negligence and for the want of ordinary caution and prudence, the city is liable for the damages sustained."

[A peculiar doctrine was introduced by the deft's counsel, in defence of the city, viz: that the plaintiff was engaged in an unlawful business when the accident occurred, conveying a party to a house of ill fame. This was met by the opposing counsel with the fact that the carriage was conveying the party *from* a house of ill fame, the existence of said house being known to the city, who had taken no steps to have it broken up — REPORTER.]

The ejectment suit, Holman vs Crocker, was in progress yesterday.

John South was brought up from jail, and sentenced to the State Prison for one year, on his plea of guilty to larceny in a dwelling house.

Application was made to have Richmond L. Guerin admitted to bail. The prisoner was confined in the jail having been committed for trial on a charge of compound larceny by the Police Justice, who fixed the bail at $300. The matter, it appeared, had been before the Grand Jury who had agreed to present him for trial on indictment, but the indictment was not yet drawn. The Court, after consultation with the District Attorney, admitted the defendant to bail, in the sum of $500, for his appearance to answer any indictment now pending, or that might be brought by the present Jury, the defendant was then discharged.

THE GRAND JURY.—The Grand Jury will to-day make a large number of presentments having transacted more business in the same time than ever before done by a Grand Jury in this county. They are in session nearly seven hours per day which is three hours more than common.

The *News*, of yesterday, in speaking of the Jail, very properly says:

"Humanity demands we think, that a larger and better ventilated prison should be provided for the prisoners, criminal though they may be. As things are we feel that nothing more can be done than is done daily, for the welfare of the unfortunate and criminal confined within the walls of our Jail."

We need a different jail, larger more commodious than the present one. We trust the Grand Jury will visit and enquire into the rumors, so prevalent, about the treatment of prisoners during the past year or so. Justice to the officers of the Jail, and to the public, demands at the hands of the Grand Jury an investigation. Let us have the truth out before the public, and if prisoners have been either begotten or brutally treated in that Jail, let the public know it, and if such rumors are false, justice demands their refutation.

THE REPUBLICAN PARTY AND ITS CANDIDATES: THE HISTORY OF THE PARTY, with biographical sketches and portraits of FREMONT & DAYTON, by F HALL, MILLER ORTON & MULLIGAN. New York and Auburn.

We have from J. A. Hall & Co. ... this new campaign book, destined to be used as a valuable addition to the history of this country to gather the campaign is over. It is the work of an able hand ... has long done yeoman's service in the true Republican party.

The portraits of our candidates are, we think, by far the best yet given. They seem to stand right up from the page, and that of Mr Dayton is one of the most life like pictures we have ever seen.

THE REGATTA.—The six-oared boat *Pioneer*, of Chicago, has been entered for the Regatta in October, and the four-oared boat *Lady Putnam* will be entered in a day or two. There will be fine sport. Shall we not hear from our Madison friends?

RESPECT TO AN OFFICER.—At noon, yesterday, Judge RANDALL adjourned the Circuit Court to half past 3 P. M., for the purpose of enabling the officers of the Court to attend the funeral of Mrs Scarritt, wife of the crier of the Court, and assistant jailor, an officer in every way worthy of such a mark of respect in his affliction.

THE DRUID CONCERT.—The DRUIDS had a bad time of it last night, their horns having been accidentally left behind at Chicago, and only came in on the evening train. The audience thinned out by waiting, but those who remained were highly delighted with the music. The Concert will be repeated to-night, when we hope there will be a better time and better luck.

HANDSOME WHEAT.—We were shown, yesterday, a sample of a lot of 100 bushels blue stem winter wheat, purchased by J B Winton, for E B Miles — as fine a lot as we have seen this year. It is perfectly clean, and was bought of a farmer in Troy, Walworth Co., who has 500 bushels more of the same sort.

TO LUMBER MANUFACTURERS AND DEALERS.

VALUABLE Property at private sale, situated on the Straits opposite Mackinaw, and on the Sheboygan River containing about 13,000 acres of land, a large portion of which is heavily timbered with best quality of pine. The improvements on this property are, 1st —the village of DUNCAN, on the main land South Channel or passage, a large steam Mill, of modern construction with Siding Machine, Shingle and Lath Machines, and capable of manufacturing fifty thousand feet of lumber in 24 hours, also, Hotel, Land Office, Store, and sundry dwelling houses and Smith shop. The Sheboygan Steam Mill, on and near the mouth of Sheboygan River. The Sheboygan Water Mill, one mile from the mouth with dwelling houses, barns &c. At Duncan a Pier is erected, extending out to a sufficient depth of water to accommodate any vessel navigating the Lakes. This is admitted by navigators by reason of the bay and Pier, to be the best Lake Harbor between Detroit and Chicago—it is a desirable Wooding and Coaling Point, being on the direct route for Propellers and sailing vessels. This property is desirable as a point at which a town must soon grow up, as the country back of it is fast filling up, for many miles, with settlers.

The Sheboygan Water Mill has the entire power of Sheboygan River, a never failing stream of great volume, which never freezes, the dam being at the falls of the river, is easily kept in repair. This is the most valuable water privilege in the State of Michigan, north of Grand Rapids.

To a company or individuals, desirous of entering into the lumber trade, this property offers rare inducements with a certainty of greatly increased value in a very few years and will be sold much below original cost, or present value, to close a concern.

GREAT SALE of valuable Lots in Wright's Addition joining Sherman's Addition, in 6th Ward. It is well known, (and those who do not know it ought to know it) that there is no part of the 6th Ward filling up so rapidly and permanently as Sherman's Addition. It along Third street up to where Wright's Addition commences are stores of various kinds, and it is a beautiful location not to be surpassed. In fact there is no property, in my opinion which is now offered or sold, which holds out such inducements for those who want a secure investment for their money and those who have money to invest, as the Lots in Wright's Addition. Remember that Wright's Addition commences on the next street above Beaubien street in Sherman's Addition, another fact, the lots in Wright's Addition are full, all last one sized lots, which are now being offered for sale. I will on a few day have plats of said Addition which can be obtained at my store. The sale of said property will take place on Tuesday October ... at ... o'clock.

The terms are as follows:
... cash balance in 1 and 2 years at ... cent interest.
... cash, balance in 1, 2 and 3 years, at 8 per cent int.,
... cash, balance in 1 and 3 or 4 years at 10 per cent interest.
Persons have their choice of terms.
This is the best in the world.

City Auction Room.

KILBOURN CITY is to be the great Emporium of the western part of Wisconsin. This point city was laid out some twelve months since being located at the point on the Wisconsin River, where the La Crosse & Milwaukee Railroad enters this great and beautiful River Wisconsin, is capable of furnishing the greatest water power of any river in the United States. There is a dam about being constructed which will be completed Summer 1857. The manufacturing of Lumber, of which over one hundred millions of feet are annually manufactured on the Wisconsin River, will furnish immediate use for the great est portion of this great water power.

The Wisconsin River abounds with pine forests, which is more extensive than any other river in the West.

The site of Kilbourn City is magnificent, being a plain rising from a bluff elevation of 80 feet at the river bank to an elevation of some 200 to 250 feet, where it meets the table land two miles east of the river. The whole is oak openings, and the land lays beautifully.

The best, purest and softest water can be had by digging or boring. Kilbourn City was laid out and buildings commenced in Sept. last, since which time some 15 or 20 buildings have been enclosed at a cost of from $1 600 to $8 000 each, and great numbers of others are in progress of construction.

In fact it would require two columns of one of our daily papers to give an account of the advantages of Kilbourn City. One word is sufficient, and that is this. There has been no city laid out in many years which has offered so many inducements and advantages, and where capitalists can invest their money so certainly as in Kilbourn City.

Kilbourn City is in Columbia County, State of Wisconsin. You take the cars from Milwaukee to Beaver Dam, where you will find conveyances to Kilbourn City. Maps of said city are ready, and can be obtained by calling at my office.

The terms upon which the property is to be sold, are such as to give all a chance of bettering their condition and affording the opportunity to all to become the establishment of a city which will and must be one of great importance.

It is impossible to give a full and fair description of Kilbourn City, but one thing is worth knowing: all who go there have a great chance of becoming independent on a very little capital. The Terms of Sale are cash, and balance 1, 2 3 years, with 7 per cent interest payable annually.

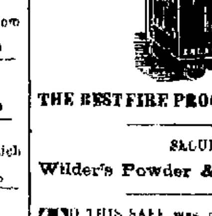

For the purpose of encouraging any who wish to build a house in said city, the value of the house to be not less than six hundred dollars, unto such person or person so building, the second payment will be given as a bonus for such improvement, therefore such persons or person so building would have no payment to make for two years after the first payment.

The sale will take place in October 14, 15, 16 and 17th commencing at 10 o'clock in the morning, of each day — Five per cent cash will be required of the bidder which will be deducted from the first payment when the deed is given.

W. LAIDLAW'S LAND AGENCY!

Office 230 East Water Street, 2 Doors South of Walker House.

AMONG the extensive amount of Real Estate I have for sale I would respectfully call the attention of those in search of a largely paying investment to an "out lot," of 20 acres. Said lot is situated one mile and a half West of the city, and besides being handsome y timbered, commands the most beautiful view of the city, lake and harbor. The soil cannot be surpassed, and on the whole, this tract of land is unequalled in the county of Milwaukee, for beauty and availability. Land, the same distance North of the city, is selling at from $200 to $400 per acre, and there should be no reason why the land I offer should not be more valuable, on account of the superiority of location and view. I will sell it, however, at about half the above figures, or exchange for city property.

ARRIVAL OF THE ASIA.

Decline of Breadstuffs.

NEW YORK, Sept ...

The steamer *Asia* arrived this A. M. with Liverpool dates to September 6th. British Bank of London has failed. The American ships *Ocean Home*, and *Cherubim* came in collision off Lizard on the 5th—the *Ocean Home* sunk in 20 minutes after the occurrence—77 lives lost.

Liverpool Markets.

Cotton closed firm with advance of ⅛d above the current rates at sailing of the *Cambria*, sales of week 8400 bales, 110000 by speculators and 9000 by exporters, closing firm.

LIVERPOOL, Sept 6th

Under influence of continued fine weather prices of all kinds breadstuffs have considerably declined. There is considerable variation in quotations of leading American houses, but most agree in calling the decline in lower grades wheat about 6d to 70 pounds.

In Flour decline is variously stated at 1s to 2s per bbl, with fair business doing. Demand for Indian corn has subsided and but light sales to speculate on at decline of about 2s per quarter of 480 lbs.

Richardson, Spencer & Co report the following prices, Philadelphia & Baltimore 32s, good Ohio 32a34s. Mixed and yellow corn 29s 6d, white 33s, old red wheat, 8s 9d, white 10 6d. These prices are nominal.

LIVERPOOL PROVISION MARKET is little more than retail demand and prices have not advanced during the week. Bacon quite firm at last week's prices, but beef and pork are barely sustained.

LONDON MONEY MARKET.—Owing to large exports to the continent, money has become more stringent. Consols closed on the 5th at 94⅞a97 for money. American stocks unchanged in value and demand. Baring Bros & Co report breadstuffs considerably lower. White wheat 68a72.

Rumored Rupture between Great Britain and Mexico.

PHILADELPHIA Sept 18

Private advices from Mexico, via Havana, mention reports of a serious difficulty between that government and the British minister and that the latter had demanded his passports. Orders had been transmitted to Havana for the British squadron there to proceed to Vera Cruz to enforce the demand of England. The commander of the British steamer Tartar, at Havana, was collecting a naval force, and would sail immediately.

(Owing to an accident to our steam machinery, rendering it necessary to use hand power, and go to press early, we are obliged to omit the rest of the report. FOR SENTINEL.)

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principles.

They have always on hand a large stock of BRASS WORK, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND GLOBE AND STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.
